Join our Double Master's Degree Program in Engineering and
Technology Management

Become both: engineer and technology manager! You are passionate about engineering, but you want to go a step further? Our Double Degree Master's Program is designed for ambitious engineers who strive to become responsible technology managers in a globalized world.

In the double-degree model, students enroll in a MSc program in engineering at the Hamburg University of Technology (TUHH) and in an MBA/MA program in Technology Management at the NIT Northern Institute of Technology Management at the same time. The TUHH offers six MSc programs in English: Chemical and Bioprocess Engineering, Environmental Engineering, Information and Communication Systems, Mechanical Engineering and Management, Mechatronics, Microelectronics and Microsystems - and many more in German. Industrial scholarships available for outstanding students.

The deadline for the international program is March 31, 2017. Our program starts in September 2017.

If you have further questions, please do not hesitate to contact our NIT Admissions Team. We are looking forward to your application!

Düsseldorf and Berlin live 2017: Learn German – Discover Germany

German for Studying, Business, and Exams: Year-round and Summer Courses

About us:

The Institut für Internationale Kommunikation (IIK) in Düsseldorf and Berlin offers a high-quality language program at fair prices. As a non-profit organization IIK closely cooperates with universities in Germany and worldwide. Learn German for academic or professional purposes in international classes in the heart of Europe. Our course levels range from A1-C1 with 10 different language levels. Up-to-date classroom technology with interactive whiteboards, digital course books, iPads and free & fast WiFi as well as our native-speaker instructors with academic qualifications and extensive teaching experience are your guarantee for a successful language course experience. We offer also an extensive social and cultural program for interesting insights into German culture and everyday life.

Düsseldorf, a modern city with highest quality of life:

The capital of North Rhine-Westphalia offers a combination of dynamic business, cosmopolitan flair, and high quality of life (Düsseldorf placed sixth of 223 cities worldwide, Mercer Quality of Living Ranking 2016). Our extensive leisure time program includes boat parties on the river Rhine and day trips to Brussels or Amsterdam.

Berlin, the cosmopolitan capital of Germany:

A language course in Berlin invites you to discover the world-renowned atmosphere of culture, fashion, clubbing, and creativity. Our berlinerID training center is located in the middle of Berlin. IIK berlinerID is ranked in top 10 of Berlin language schools at mydestinationberlin.com

Accommodation:

We provide different types of accommodation like student residences, apartments and also homestay in both cities.

Studying in Germany:

Special advisory service at home and at IIK

- Equivalence check of your qualifications
- Road map from pre-studies including language course to your degree in Germany
- Study application support including document check and personal student advisor
- Comprehensive pre-study programs individually adjusted

More information available on our websites, also in other languages.

Focus on Climate! Join our M.Sc. program “Integrated Climate System Sciences”!

The School of Integrated Climate System Sciences (SICSS) at Universität Hamburg, is the only Graduate School which provides you the unique opportunity to combine your study of observing, modeling and predicting the earth system with studies in economics and social sciences. As a result, you will be well

prepared for a career as a climate expert!

SICSS offers you a well-structured study program with an internationally recognized Master of Science. You will study with students and renowned scientists from around the world. SICSS offers coursework in the fields of natural, social and economic sciences.

At present, the program allows the specialization in one of following three tracks:

- Physics of the climate system;
- biogeochemistry of the climate system;
- climate related economics and social sciences.

All courses are held in English. Class size is limited to 20 students.

Application period is annually 15 February – 31 March; the program starts every year in October. Interested in this high quality Master's program? For further information, please visit www.sicss.de or contact Katja Grannis at sicss@uni-hamburg.de.
