

HOCHSCHULE TRIER

Umwelt-Campus Birkenfeld

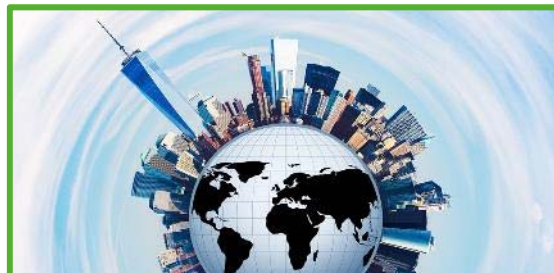

Umwelt macht Karriere.

International Programs

at the Environmental Campus Birkenfeld

The challenges of our time: We need holistic and sustainable solutions for tomorrow's problems

Globalization

Resource Scarcity

Digitalization

These megatrends will strongly affect future business decisions and processes. Shareholders, management and society need to deal with the possible consequences and align their strategic planning accordingly.

To start thinking about solutions we need:

**Sustainable
view**

**Multicultural
thinking**

**Experts
collaborating**

**Serious
skills**
