STUDY PROGRAMS

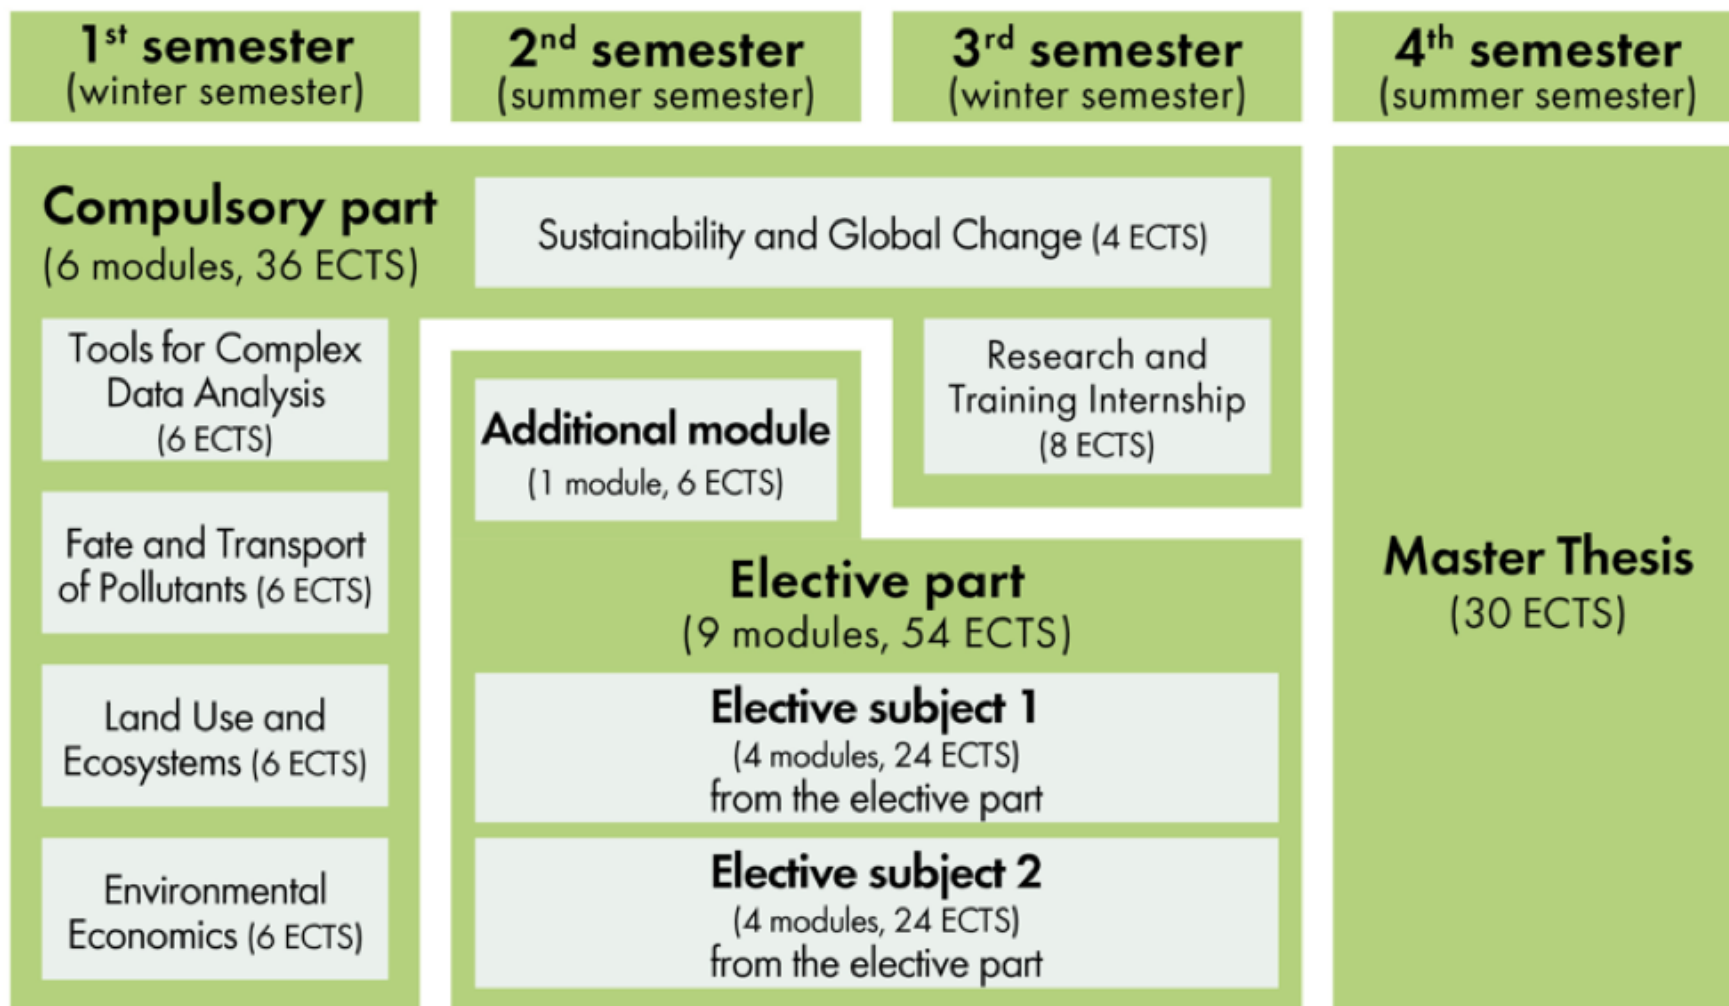

- M.Sc. Environmental Sciences
- M.Sc. Ecotoxicology

There are two ways of studying in the international master programs at the University of Koblenz-Landau:

1. Resident study program:

All courses are studied and completed at the university location in Germany

ECTS = European Credit Transfer System; The **winter semester** runs from mid October to mid February; the **summer semester** from mid April to mid July.

COSTS FOR RESIDENT STUDY PROGRAM

- **No tuition fees** for first bachelor or master's program

Expenditures for living in Germany	Costs in Euro/month
Health insurance	90
Rent (student dormitory)	300
Semester registration fee	20
Food and living	350
Total (student dormitory)	760

STUDY PROGRAMS

There are two ways of studying in the international master programs at the University of Koblenz-Landau:

1. Resident study program:

All courses are studied and completed at the university location in Germany

2. **NEW:** Online study program:

Within the *online double-degree program* with partner universities in the US most courses are studied at the home university and **selected additional modules** are studied **online** with contents from the University of Koblenz-Landau

ONLINE STUDY CONCEPT

The complete master program is provided via online modules

➤ High quality online learning platform:

➤ Lecture content through expert teaching

➤ Individual contact options between students and lectures

COSTS FOR ONLINE PROGRAM

- No travelling or visa necessary
- No tuition fees!
- Online registration fee per year:
 - 240 € for M.Sc. Environmental Science and M.Sc. Ecotoxicology

APPLICATION REQUIREMENTS

- BSc in Environmental Sciences, Geosciences or Natural Sciences
- Disciplinary qualifications include (**red** is required)
 - ❖ **Biology / Ecology**
 - ❖ **Chemistry**
 - ❖ **Mathematics / Statistics**
 - ❖ Physics
 - ❖ GIS
 - ❖ Geoecology
 - ❖ Social sciences
- Necessary pre-requisites can be covered in bridge courses taken at the beginning of the program

SEVEN GOOD REASONS TO STUDY IN LANDAU

1. Degree program with a future
2. Excellence in research and teaching
3. Practical experience
4. Contact and interaction
5. Moderate costs
6. Networking
7. Study in the heart of Europe

THANK YOU VERY MUCH FOR
